

BRITISH SMASH AT JAPANESE INVADERS IN MALAY DRIVE

Submarine Hunt in Atlantic Rushed by American Navy

Initiative is Seized For First Time in Singapore Defense

BY ROGER D. GREENE
Associated Press War Editor

British jungle troops, seizing the initiative for the first time in the Malayan campaign, were reported smashing a full-scale counter-offensive 70 miles north of Singapore today while reinforcements of 350-mile-an-hour Hurricane fighters swung into action over Singapore itself.

The newly-arrived Hurricanes, single seaters with the greatest fire-power punch of any plane of its type, are equipped either with 12 machineguns or four light cannon and machineguns.

In Malaya, it seemed apparent that a crucial test in the struggle for Singapore was in progress.

Behind the lines, British fliers claimed a heavy toll of Japanese transport columns, north of Parti Bulong, destroying many vehicles and machine-gunning troops.

Singapore itself, under almost incessant aerial assault, grimly counted a toll of 204 killed and 725 wounded in yesterday's 100-plane Japanese attack—comparatively surpassing the worst raids on London at the height of the blitz.

But the beleaguered island colony was cheered by the arrival of powerfully-gunned Hurricane pursuit fighters, and when 30 Japanese warplanes roared over Singapore again today, R.A.F. fliers were credited with shooting down five bombers and damaging a fighter.

Coincidentally a Chinese spokesman reported that fear of attack by allied bombers had spurred 30,000 to 40,000 Japanese to leave parts of Japan for Shanghai and other centers along the lower Yangtze valley.

In the Dutch East Indies, where Japan's far-flung invasion horde are striking in heavy force, the Dutch announced they had completely destroyed the great oil wells and oil plants in Balikpapan, on the east coast of Dutch Borneo.

Destruction of the oil fields was carried out "in view of the clearly distinguished Japanese intention to attack Balikpapan with superior forces in order to get hold of the important oil wells," it was announced.

Dispatches from the front said British artillery opened the Malayan defense.

UNIFORM SIGNAL FOR AIR RAIDS

Harrisburg, Jan. 22.—(P)—A uniform air raid alarm signal two minutes long from siren or horn has been adopted by the Third Civilian Defense Region, comprising Pennsylvania, Maryland, Delaware, Virginia and the District of Columbia.

The state defense council described the siren's sound as:

"A fluctuating or wabbling note of two minutes' duration with varying intervals between cycles to conform with the mechanical limitations of the particular instrument."

The all-clear will be "a continuous sound" without that break in tone for two minutes.

Where air horns are used, a series of short blasts of five seconds' duration with three seconds' interval between blasts for a two-minute period, is called for. The all-clear will be a long blast. If possible on the horn used. If not, then as long as blast as the horn will sound, repeated at 20 seconds intervals for two minutes.

WAR BULLETINS

Washington, Jan. 22.—(P)—Formation of a sixth armored division and of the first entire division of infantry composed of negro troops was announced today by Secretary Stimson as a part of the army's current expansion to 3,600,000 men. The war secretary reported at the same time that a second air force pursuit squadron composed of negro fliers also had been ordered created.

London, Jan. 22.—(P)—Russian ski troops, carried on propeller-driven sledges, were reported tonight to be operating west of Borzhomi, the old Napoleonic battlefield a dozen miles west of re-captured Moshaisk, in stinging pursuit of German troops trying to fight their way back out of the Moshaisk salient.

Washington, Jan. 22.—(P)—Secretary of State Stimson said today he was very well satisfied with the progress being made by American statesmen at Rio de Janeiro toward real collaboration in the face of external danger.

Washington, Jan. 22.—(P)—A high government official reported today that since the Pearl Harbor attack the army had been able to fortify Hawaii and the Pacific coast more formidably than ever before, while starting a stream of reinforcements to the southwest Pacific.

NATION FACING LIMITATION OF ELECTRIC POWER

Washington, Jan. 22.—(P)—Congress received from government power officials today a blunt warning that the nation faced a rationing of electricity—possibly this year—that may even drive private homes to conserve power for the defense program.

That possibility was voiced by Leland Olds, chairman of the federal power commission, and G. O. Vessener, acting power manager for the Tennessee Valley Authority, in testimony during house appropriations committee hearings on the independent offices supply bill approved today.

Olds said he believed the emergency would call for power rationing in many regions "by the end of this year."

PROGRAM FOR VICTORY GARDENS IS DISCUSSED

Harrisburg, Jan. 22.—(P)—A meeting of representatives of governmental agencies and agricultural garden and service organizations was called here today to plan Pennsylvania's part in the National Victory Garden program.

National Victory Garden program, designated by the federal agriculture department to coordinate farm aspects of the program in Pennsylvania, summoned the conferees.

FIRST INVASION OF AUSTRALIAN TERRITORY SEEN

Communications With Rabaul, New Britain Capital, Cut Off Following Reported Sighting of Eleven Ships

PLANES ATTACK CITY

Melbourne, Australia, Jan. 22.—(P)—Rabaul, capital of New Britain, reported today that eleven ships, including warships, had been sighted off neighboring Watom Island, and immediately following this report communications with Rabaul ceased.

It was presumed here that New Britain island had been evacuated by military forces in anticipation of a prospective Japanese landing.

The last word from Rabaul came at 4 p. m. (1 a. m. EST).

If the implications of the Rabaul message are fulfilled the Japanese are in the process of their first invasion of Australian territory. The island of New Britain, of which Rabaul is capital, is mandated to Australia and is an important segment of the Bismarck archipelago.

New Britain lies east of British New Guinea and is 800 miles northeast of the nearest point of Australia proper, that is, Cape York peninsula. Rabaul is 1,800 nautical miles from Sydney, on the southeast coast of the sub-continent.

Before Rabaul flashed the report of the approaching fleet, Japanese planes raided the city, in a continuation of assaults on the islands around New Guinea.

(An Australian broadcast received in New York by the Associated Press said it now was believed likely the Japanese would try to effect landings on Friday.)

COMPROMISE IS ATTEMPTED ON PRICE MEASURE

Washington, Jan. 22.—(P)—A three-way compromise was pressed by senators today in an effort to break the legislative log-jam on wartime price controls.

The compromise admittedly involved some concessions by the house, by the senate, and by President Roosevelt as the joint congressional committee trying to adjust conflicting interests resumed closed sessions.

Senators walked out of the joint conference yesterday explaining that they hoped the five house conferees would agree among themselves on the compromise proposal.

Members of the senate delegation said they would be willing to drop the controversial attempt to tie farm prices to urban wage levels, as provided in an amendment sponsored by Senator Mahoney (D-Wyo.) which the Senate approved 55 to 20.

They asked the house conferees to accept senate provisions for licensing of business, a single price administrator, and granting the government broad powers to buy (Turn to Page Ten)

ABDUCTED TOT FUMES FATAL TO FOUND UNHURT DONORA WOMAN

Pittsburgh, Jan. 22.—(P)—Four-year-old Albert Balsom, abducted by a tall young man who had promised to buy her ice cream, was found today, apparently unhurt, on Larimer avenue bridge in the east end section where she lived.

Found by an employee of a dog and cat hospital who was returning to work after lunch, the child was taken to an animal company of Mrs. Ann Schmoudrak, a stenographer for the oil company who took the child in charge, said.

"Alberta told us who she was and said she hadn't been home last night. She said a man took her to a store to buy ice cream, but she didn't seem to know when or where he left her."

ABDUCTED TOT FUMES FATAL TO FOUND UNHURT DONORA WOMAN

Pittsburgh, Jan. 22.—(P)—A Donora woman was killed and five other persons were overcome by carbon monoxide fumes early today in a Mt. Washington home at a farewell party for a Donora man called to military service in the draft.

The dead woman was Mrs. Pauline Wisniewski, 48, cousin of Carl Wisniewski, 29, of Donora, honor guest who is scheduled to leave for the army next week.

Overcome by the fumes from a bathroom stove were Wisniewski; Mrs. Mary Keober, 26, sister of Mrs. Wisniewski at whose home the party was held; Mrs. Keober's husband, Edwin, Jr., 8, and her two children Edwin, Jr., 8, and Norbert, 4. All were reported in a fair condition.

PROPOSAL PRODUCES OBJECTION

Member of Argentina Delegation to Pan American Conference Opposes Important Phrase in Draft Resolution for Unanimous Breach of Relations With Axis Powers

PREVIOUS UNANIMITY AFFECTED BY ACTION

BY HENRY BAGLEY
Rio de Janeiro, Jan. 22.—(P)—A member of Argentina's delegation to the Pan American conference raised an 11th hour objection today to the turn of an important phrase in the draft resolution for unanimous American breach of relations with the Axis—a point which cast a shadow on previously indicated unanimity.

The Argentine foreign minister and head of that country's delegation, Enrique Ruiz Guinazu, meanwhile, said he approved the idea of breaking off relations "in principle" but added that the delegation was awaiting final word from Buenos Aires.

An authoritative source said Brazil might sever relations with the Axis powers even before the end of the conference as a move to encourage other American nations to act promptly to fulfill the resolution.

A member of the delegation said his group would seek two modifications in the text of the agreement this afternoon.

The first change would be to drop the word "collective" at the end of article four to make the resolution say that consultation be held before any resumption of Axis relations thus to establish that the decision is merely "unanimous" and not "collective." Other conferees are expected to agree to this.

But the other objection, a proposal to change the wording of article three, was expected to produce a fight.

As article three stands it would have the American republics declare that they "cannot continue diplomatic relations with Japan, Germany and Italy."

The Argentines proposed to change the Spanish text on "cannot continue"—"no podran continuar"—to "podrian no continuar," which freely translated means, "perhaps will not be able."

SERVICES HELD FOR VICTIMS OF AIRLINE CRASH

Glendale, Calif., Jan. 2.—(P)—Vivacious Carol Lombard, who loved life, welcomed it in its every aspect, was buried with brief, simple funeral services yesterday.

A player... a short eulogy... a poem... an organ music... fewer than three close intimate friends in attendance.

That was all. That was the way the actress willed it. All except the eulogy. Friends insisted that the pastor, the Rev. Gordon C. Chapman of Westwood Hills Community Methodist church, read a short tribute that had been prepared. Clark Gable, Miss Lombard's husband, consented.

Sharing in the simple services was Miss Lombard's mother, Mrs. Elizabeth K. Peters. Mrs. Peters had been Carol's almost constant companion from the time she bore her in Font Wayne, Ind., 3 years ago until they went to death together in a transcontinental and Western airliner crash near Las Vegas, Nev., last Friday night.

Otto Winkler, Gable's publicity manager and close friend, another victim of the crash, will be buried late today.

Responsibility of Protecting Entire Hemisphere Added

New Navy Hero

Washington, Jan. 22.—(P)—The navy rushed its Atlantic submarine hunt today with the added responsibility of protecting sea lanes of the entire hemisphere, now united against the Axis in a solid diplomatic front.

Announcement of the intention of all American republics to break off relations with the Axis powers raised the possibility that the considerable land and naval forces of South and Central America would be joined together to guard vital hemisphere commerce against any attack. New enemy submarine successes along the Atlantic coast demonstrated the urgent need of guarding ships until a mass convoy plan could be worked out.

The navy's disclosure that the 5,269-ton freighter City of Atlanta had been sunk and the 3,779-ton Latvian steamer Cuyahoga had been attacked and probably sunk brought to six the list of submarine victims in the six days from Jan. 14 through January 19. Four of the six ships were known to have gone to the bottom, and the total of dead or missing crewmen rose to 75.

Attacked off the Carolina coast Monday, the City of Atlanta, sank so fast there was no time to launch lifeboats. Later the same day, the Cuyahoga torpedoed amidships was abandoned by her crew in a flooded and sinking condition. Forty-six seamen were missing in the two attacks, which were announced as soon as the 33 survivors had reached port.

The navy was silent on details of the Atlantic hunt, and likewise had no new announcements on progress of sea fighting in the Pacific theatre.

HEAVY ATTACKS ON MACARTHUR'S ARMY RENEWED

Enemy Troops on Island of Luzon Estimated at 200,000 Men; Hostile Air Activity Over City Is Reported Light

BOMB CITY OF CEBU

Washington, Jan. 22.—(P)—The Japanese have renewed their heavy attacks on General Douglas MacArthur's line on Balan peninsula in the Philippines, the War Department announced today, with Japanese forces on the island of Luzon estimated to total roughly 200,000 men.

Enemy reinforcements are being landed, said a department communique, in Lingayen Gulf and Subic Bay, and the entire Japanese 14th army under Lieut. Gen. Masaharu Homma with a number of other units, is now on Luzon.

Hostile air activity in Luzon during the last 24 hours was light, the department said, but 17 enemy bombers attacked the city of Cebu, on the island of the same name, about half way between Luzon and Mindanao, last Sunday.

The text of the communique, No. 70, of the war, based on reports received here up to 9:30 a. m., eastern standard time:

1. Philippine theatre:

"The Japanese are renewing their attacks all along General MacArthur's line on the Balan peninsula. Particularly heavy fighting is in progress on the left and on the center. Enemy reinforcements are now being landed in Lingayen Gulf and Subic Bay. The entire Japanese 14th army. (Turn to Page Thirteen)

Construction of Allied Shipping Reported Forging Ahead of Losses

Washington, Jan. 22.—(P)—Chairman Land of the Maritime Commission has told congress that construction of allied shipping is now forging ahead of losses by sinkings at sea and that the United States has "the world's largest right shipyard" on standard cargo ships and tankers.

Reporting on the progress of the program for a vast merchant marine before a house appropriations subcommittee in testimony made public today, Land asserted:

"The last time I looked at the curves, the sinkings and the new production were just about balanced for the first time during the war, and now new construction is getting ahead."

That was on Dec. 9. He reported that United States merchant marine tonnage was about 7,000,000 and that a total of 12,000,000 more tons was in prospect for 1942 and 1943. On the other hand, he said that Great Britain started with about 21,000,000 tons, lost about 9,000,000 tons and at same time had additions of about 3,000,000 tons.

But Axis powers have lost about 3,000,000 tons he estimated and all world shipping losses amount to about 27 per cent of the 52,000,000 tons available at the outset of the war.

After saying that United States and Great Britain had made replacements of about 1,500,000 tons each annually, Land asserted:

"On replacements, the Axis powers are not having much luck. As to exact figures I know nothing about."

The rear admiral gave the committee an optimistic progress report on the merchant marine program involving 1,422 ships, of which 999 have been contracted for and 423 will be ordered before July 1.

Except for such bottlenecks as strikes and machinery and generating power, Land said that "very good to excellent" progress had been made.

PISTOL LEAGUE STARTS SEASON THIS EVENING

At 7:30 o'clock this evening on the pistol range at the city building, the six teams comprising the Warren Revolver League will shoot off their first matches for the season.

On the roster at the beginning of the new year's activities are teams representing the borough police, Pennsylvania Motor Police, Complanter Gun Club, Irvine Gun Club, Warren National Bank and the local post office.

Officers of the league are very desirous of increasing the membership beyond its present number of approximately 50 men and extend to anyone interested in this not too expensive recreation a cordial invitation to be at the range tonight to learn further details and be assigned to teams.

With the civilian defense program occupying a great deal of the public's attention at this time, officials of the league believe that participation in its program is a good preparation for what might be required of the men of the community in time of an emergency.

They are upheld in this belief by Allan M. Gibson, county chairman of the civilian defense program, who has promised to give league members a place in the county setup and urges citizens, both male and female, to get into the league and get the training that will enable them to take their proper places in case of disaster.

Mr. Gibson reminds the public, also, that according to official figures only four out of every ten men inducted into the United States Army have the knowledge of small arms demanded for entrance qualification. If their membership in the league gives this knowledge and permits them to shoot their qualifications immediately, their advancement in the army ranks will be at a faster pace, he is certain.

Practice nights at the range will be on Tuesday, match nights on Thursday, but the range is open for practice any night on which borough council is not in session.

HEDY LAMARR AND ROBERT YOUNG IN MAGNIFICENT NEW PICTURE "H. M. PULHAM, ESQ."

At The Library Theatre Friday and Saturday

The eagerly-awaited filmization of John P. Marquand's novel, "H. M. Pulham, Esq.," which topped the country's best-seller lists for many months, opens Fri. and Sat. at Library Theatre with Hedy Lamarr, Robert Young and Ruth Hussey in the major roles, and proves absorbing film entertainment.

The screen has given even greater fluidity to the story of the young Bostonian aristocrat cast by destiny in a mould from which he cannot escape. After the World War he essays a career in New York, meets the woman who becomes the one great love of his life, then through circumstances returns to Boston to develop into a creature of habit, content with the woman his family had destined him to marry. When, twenty years later, he seeks to recapture the romance of his youth, he finds that it is too late. As in the novel, the story is told in retrospect, while the hero writes his autobiography for a college magazine.

LOCAL KIWANIS CLUB OBSERVES 27TH BIRTHDAY

At the weekly luncheon meeting of the Warren Kiwanis Club, held Wednesday noon at the Carver Hotel, members observed the 27th anniversary of the founding of Kiwanis International with a special program in charge of the Rev. Harold Knappenberg, chairman of the club's committee on Kiwanis Education.

The program included a talk by Peter E. Nelson, a charter member of the local club, on the early days of the organization. Mr. Nelson told of the work of the Warren club under its first president and of the accomplishments since it was organized twenty years ago.

Rev. Knappenberg spoke briefly on the present and future of Kiwanis.

It was announced that the speaker at next week's meeting will be Clarence Lawson, who will tell of his experiences in the Philippines, where he spent several years.

INTERESTING MAP

There is another interesting display in one of the Library Street windows of the Warren National Bank in the form of a colored relief map of the State of Georgia, showing the principal agricultural and manufacturing industries of the state in their respective areas.

This framed map was sent to Dr. J. F. Crane of North Warren by his brother M. O. Crane, who occupies a state position in Georgia, and who prepared the dioramas and other display features installed by that state at the World's Fair in New York a few years ago. This unusual map is attracting considerable attention from passersby, and will remain in the bank window for a few more days before being returned to the owner.

TWO-SIDED FLAGS
Paraguay's flag is not the same on both sides. It has a lion on one side and a star on the other. It is the only country in the Western Hemisphere to have a two-sided flag. The only other country in the world to have such a flag was Lithuania.

ELECTRICAL POWER
During 1940, the United States produced almost 115,000,000,000 kilowatt-hours of electrical power. Highest monthly output of the year was in December, when 424,932,000 kilowatt-hours were produced.

The Netherlands Indies has a virtual monopoly on world supplies of natural guanine, says the Department of Commerce.

RECONSTRUCTION FINANCE CORPORATION VS. WARREN FURNITURE COMPANY

A. D. No. 10 September Term, 1939
E. D. No. 13 September Term 1939

NOTICE

To THOMAS K. CREAL, Respondent:—NOTICE is hereby given that the Reconstruction Finance Corporation in accordance with the provisions of the Act of July 16, 1941, P. L. 400, did, on June 14, 1942, file its petition at the above court term and number to have the court fix the fair value of the real estate purchased by it in the execution sale held under the judgment obtained at the above court term and number. The real estate of the Warren Furniture Company, situate at the northeast corner of Lexington Avenue and Parker Street and the southwest corner of Lexington Avenue and Parker Street in Warren Borough, was sold to the plaintiff in the execution and the amount realized was not sufficient to pay the judgment, interest and costs, and therefore petitioner seeks to collect the balance due on said judgment, interest and costs.

The Court has fixed February 25, 1942 as the date for hearing on said petition.

You are therefore notified that you have been named as Respondent in said proceedings being the guarantor on the obligation and the person directly or indirectly liable to the petitioner for the payment of said judgment, interest and costs.

You are further notified that you may appear and answer the averments of said petition at any time prior to the hearing.

PLANNING FOR THE CONVENTION

Cooperating with the secretary and the committee
of Warren Lodge No. 109, Loyal Order of Moose, the
Warren Chamber of Commerce has assumed responsi-
bility for finding lodgings for the throng of delegates
which will convene here in June, for the convention of
that organization.

Householders of the community who will cooperate
by making rooms available should send their names to
the Chamber at once for tabulation. In connection with
this survey a coupon for registration is printed in an-
other section of this edition of the Times-Mirror.

"It is a splendid thing for any community," the
Chamber of Commerce secretary states, "to become
known as a good convention town. It is hoped that
everyone will help make things pleasant for the fine
men and women who will be our guests on this occasion.
The impression which they form of Warren will be
conveyed to friends throughout a wide territory. We
must see to it that the impression is a good one."

THE OTHER SIDE OF THE SCALE

The total debt of a people is the sum of the debt of
the federal government, the state and local governments,
and corporate and personal debt.

Now when the federal debt unavoidably soars sky-
ward on the wings of a vast war, it is time to reduce
the other debt elements whenever possible. Economists
are urging the payments of personal debts and of cor-
poration debts with money that would otherwise be spent
for decreasing stocks of consumer goods. State and
local governments are being urged to hold down their
expenses, and cut taxes.

Every dollar that can be cut from personal, corpor-
ate, local and state debt during this war is an offset to
the unavoidably huge federal debt that is being piled up.
No opportunity should be lost to hold the total debt
burden in this way as small as possible, by reducing the
elements of the total debt.

TWO BIRDS, ONE STONE

Most states are now co-operating in a campaign
which should have two-fold and equally desirable results.
It is to cut down the speed of autos on the highways.

Connecticut has cut the speed limit from 50 miles an
hour to 40, and many others are ordering state and city
drivers to "hold 'er down" to 35, 40, and 50 miles. People
who burn up their tires at 60 and 70 miles an hour are
uselessly destroying the national stock of rubber, and
the faster a man burns up his tires, the louder he is
apt to squawk for new ones.

Slower driving should have a second benefit—fewer
accidents. People who never would take care of their
own necks for their own sake are now asked to do it
for their country's sake. Time lost through accidents,
or lost forever through death, is lost to the defense of
the country.

An interesting and entertaining method is provided
Warren women to boost the Infantile Paralysis fund
through attendance at the style show which will be
presented at the Metzger-Wright Co. store this evening
at eight o'clock. The collection which will be taken
will be donated to the local committee, and don't forget
all are invited.

News that U. S. bombers had sunk a Japanese
cruiser cost the North Warren Civic Club \$5.00, which
went to the Red Cross, but the boys up there are said
to be willing to go broke paying such a penalty.

Those United States Defense Bonds and Stamps
should go like hot cakes now that insurance men have
signed up to sell them in local industrial plants.

The dust nuisance has bobbed up again much to the
resentment of owners and employees of establishments
in the business section.

There are many in Warren county who will agree
with the person who coined the remark: "What this
country needs right now is day clubs for night workers."

Four-day vacation for the school kiddies before start-
ing the second semester grind.

EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington
Correspondent

Washington, Jan. 22.—Every
noble cause develops its racket,
but so far government officials
agree that the country has been
pretty honorable about the war.
Draft dodgers on the first selec-
tive service registration numbered
26,000 out of two million, but in
view of Pearl Harbor, it is not
anticipated that the number of
evaders on future registrations
will be so high.

There has been bootlegging of
strategic materials to an unknown
degree because the priorities divi-
sion of OPM hasn't had the man-
power to take inventory of ware-
houses and investigate rule-break-
ing. Violations of price schedules
have been few, with public cita-
tion of profiteering heels number-
ing only four.

In the line of petty rackets, the
country has behaved even better.
Philadelphia developed a case of
trying to sell rotten rubber gas
masks left over from the other
war to the gullible infirm and aged.
New York experienced a little
bootlegging of official civilian de-
fense arm bands, the phony air-
raid wardens thus equipped using
their forged insignia to gain illeg-
al entry or to sell such question-
able merchandise as bomb-proof
sand. There have been a few
phony war charities. By and large,
the American public has been pret-
ty well behaved throughout the
emergency, and that speaks well
for the national moral.

The big test is yet to come, when
rationing of automobiles and tires
and sugar and such stuff creates
greater demand and consequent
greater opportunities for bootleg-
ging and "black market" buying
and selling.

War or no war, the Federal
Trade Commission goes on pro-
tecting the consuming public from
the unscrupulous, just as the
FTC has done since it was first
created in 1914. Some of its re-
cent charges, "cease and desist"
orders and consent decrees, which
don't get the publicity they de-
serve, would surprise you:

A New York publishing house
agreed to quit advertising a vol-
ume as the equal of a complete,
four-year high school education.
A New York mail order house
was charged with misrepresenta-
tion in offers of new silk dresses
for 10 cents. It developed that
the merchandise was second-hand
and only part rayon.

A Chicago "Secret Service Sys-
tem" represented that its detec-
tive school was the equal to years
of actual experience and qualified
its students as competent detec-
tives.

A Chicago advertiser for a dog
food maker claimed its product
would prevent skin troubles in
dogs.

Patent medicine makers claim-
ing their preparations will cure
hay fever, asthma, and every-
thing from colds to cancer are
constantly exposed.

A Minnesota school teacher was
ordered to cease and desist sell-
ing courses on "Training the Eyes to
See Correctly" which he claimed
to eliminate headache and cor-
rect near-sightedness and astigma-
tism without glasses.

Prize of recent FTC investiga-
tions, however, was the case of a
New York greeting card dispenser
who fastened pieces of ordi-
nary limestone on cards and sold
them as "a piece of guaranteed
genuine stone from the original
Blarney Castle in Dublin, Ireland."

Washington sat up and rubbed
its eyes when its No. 1 hostess,
Mrs. Evelyn Walsh McLean, sold
her 75-acre estate in the heart of
Washington's best residential dis-
trict for \$1 million. The U. S. gov-
ernment buying the site for a
community housing project for
government workers. While the
sale price looks terrific, an exami-
nation of this deal shows what
crazy times these are, anyway.

STORIES IN STAMPS

German Army Raids Denmark's Storehouse

LITTLE Denmark, whose peace-
ful cities and fields were over-
run by Nazi hordes in April, 1940,
is near the economic and agricul-
tural cracking point because of
German confiscation of supplies
and foodstuffs.

King Christian X, pictured in
the equestrian statue in front of
Amalienborg palace on the stamp,
above, and his government, ac-
cepted the occupation under protest.

Because of the difficult strategic
and geographical position of Den-
mark, the Danes could offer little
resistance to the overwhelming
German forces.

Germany, however, is running
into trouble in Denmark. Reports
from Stockholm, Sweden, say
King Christian has threatened to
abdicate unless Germany relaxes
demands for the enactment of
anti-Jewish laws by the Danes.

The Nazi reverses on Russian
and African battlefronts have
forced the Germans to dig still
deeper into the already depleted
Danish stores. Strongly pro-
British, Denmark hopes for an al-
lied victory to restore order out
of chaos to their land.

YEARS AGO IN WARREN

Interesting Items Taken From
the Warren Evening Times

In 1922

Stockholders of the C. Frederick
Bartsch Company have elected the
following directors for the ensu-
ing year: C. Frederick Bartsch,
F. A. Cogswell, H. G. Baxter, L.
S. Wood, J. H. Young, J. W. Ken-
dall and J. H. West.

The hackneyed inquiry was
heard on all sides this morning,
"Was it cold enough for you?" Re-
ports from different sections var-
ied but it averaged up about five
degrees below.

Good roads boosters will meet
in the Y. M. C. A. this evening
and residents are reminded that
cussing the empty atmosphere out
in some lonesome mud hole won't
have any effect whatever at Har-
rington, but presence at the meet-
ing may.

Dr. Colegrove, physical director
of the Y. M. C. A., gave an inter-
esting talk to Warren Rotarians
at their regular weekly meeting
today.

Burgess Lyons, like all of his
predecessors, now has the annoy-
ing matter of enforcing the new
ordinance to deal with.

Bernard Flohr was an over Sun-
day guest of Jamestown friends.

In 1922

One hundred gallons of grain
alcohol, evidently intended for sale
in Warren and vicinity, was seized
and two Jamestown men who were
bringing the contraband here were
arrested this morning at the
intersection of the Warren-Jamestown
highway and the Jackson
Run road at North Warren, by
Patrolmen William Thiel and M. E.
Hans, of the state revenue patrol.

Walter Gresh, a member of the
state game commission, was in
Warren Friday and secured op-
tions on over 8,500 acres of wood-
land between Youngville and Tid-
oute, mostly in Deerfield town-
ship, for a proposed game refuge.
Assemblyman A. W. Mumford has
been working on this project for
several months.

In a juvenile basketball game
held in John Blair's gymnasium
last Wednesday, the Three In-
Ones were victorious over the
Greyhounds by a score of 24 to 6.

Edward Johnson, trust officer
of the Warren National Bank,
gave an interesting talk at the
Hoff Business College yesterday
afternoon.

Last evening in the City Bas-
ketball League on the Y. M. C. A.
court, the Times-Mirror team
backed Hoff's, 43 to 17, and National
Transit won from Alpha Gamma

A WASHINGTON DAYBOOK

By JACK STINNETT

WASHINGTON—Most engrossing subject of discussion in
official and unofficial Washington right now is: "what's
cooking in the Nazi high command?"

Discounting most of it as uninformed, wishful thinking, the
fact remains that officials most often right in their past predic-
tions are privately on record that
the resignations, "pulls" and
dismissals currently afflicting the
General Staff are rumblings of a
distant earthquake.
In short, A. Hitler is having his
troubles, but plenty.

The list of German generals
"busted" since the wehrmacht
began its advance toward Berlin
in Russia includes men rated by
professional soldiers here as
tops in the fighting man busi-
ness. Military scholars have
nothing but respect for such
men as von Brauchitsch, von
Keitel, Guderian and von Bock.

These observers don't discount
unconfirmed reports of discord
in the naval high command as so
much superheated balloon juice,
either. When it was reported that
Vice Admiral Karl Doenitz was at
odds with Grand Admiral Erich
Raeder, it confirmed informed
guesses that all was not a pleasure
cruise in the Nazi navy.

Reader is not held in very high
regard by professional sailors. He's
been a yes-man for the boss to the
point of political groveling. The
steadily declining effectiveness of
the submarine campaign, and the
losses known to have been inflicted
on German U-boat strength by
British and U.S. fleets in the At-
lantic, together indicated some
sort of blowoff was imminent. Ap-
parently Doenitz, realizing which
way the wind was blowing, got
out from under.

Another kernel of informa-
tion held to be highly significant
is that dispatch from Besancon
that 62 German soldiers were
shot for refusal to return to the
Russian front. It seems to indi-
cate flagging of the fanatic zeal
so evident in the early Nazi
campaigns.

Capital comment often com-
pares the Russian Army purges
and the present German house-
cleaning under Generalissimo
Adolf of the inner virtues. Ambas-
sador Joseph Davies book, "Mis-
sion to Moscow," makes it clear
that the Russian commanders
kissed with a bullet got theirs for
good reasons such as treason.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

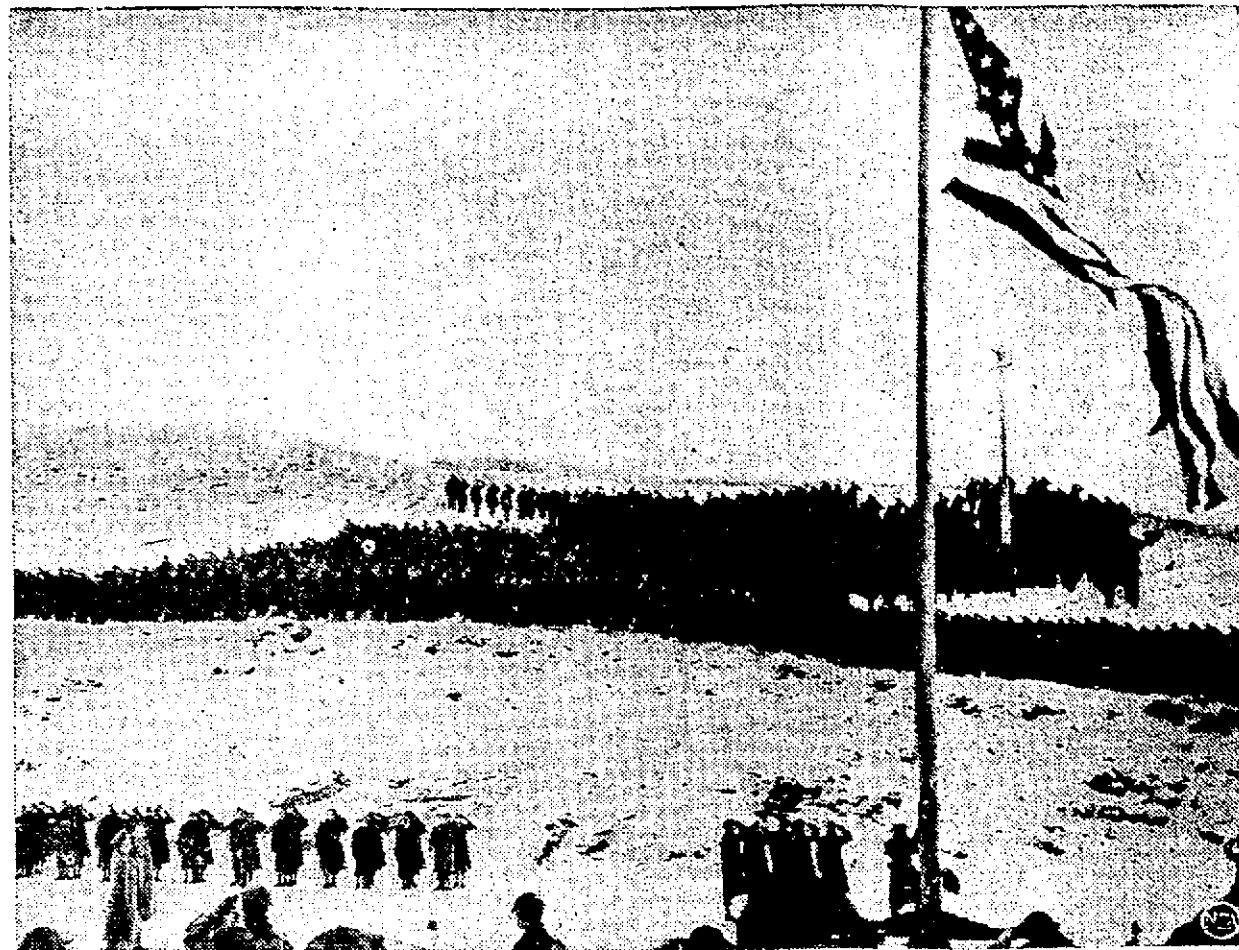

SKIN SUFFERERS

Here's Good News!

Distress of ugly pimples, rashes, itching, burning skin disorders resulting from external irritations can often be quickly relieved by this simple inexpensive treatment. Go to your druggist today and get a small bottle of Doan's Eczema Ointment—most every good druggist has this. Use as directed for 10 days and if then you say it has failed, to give you full satisfaction—money back.

U. S. Bombers Score Three Straight Victories Against Japs

American Army bombers, showing new force in the Far East, scored triple victories when they (1) sank a Jap cruiser and fired a tanker off Jolo, (2) shot down nine enemy fighters after attacking Jap positions in Celebes, and (3) bombed Jap airfields in Malaya.

MAKE A NEW APRON

Wardrobe
Pattern 4803
By ANNE ADAMS

Like every busy, efficient housewife, you need a complete wardrobe! Why not treat yourself to one with Pattern 4803 by Anne Adams—with it you can make an apron for every purpose. For every day wear, Apron A is appropriate, with its "upped" waistband and ladder back that stays securely in place while you work. Make version B, with the scalloped neckline in a dark sturdy cotton for your heaviest tasks. Make version C as a dainty tea gown for guests will adore. The scalloped bodice and hemline, the bow-trimmed pockets, look attractive trimmed with narrow lace.

Pattern 4803 is available in sizes small (32-34), medium (36-38), and large (40-42). Small size, view A takes 2 3/8 yards 35 inch fabric and 1 yard ric-rac; view B, 2 1/2 yards 35 inch fabric; view C, 1 7/8 yards 35 inch fabric and 8 yards lace edging.

Send FIFTEEN CENTS (15c) in coins for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER.

Here comes the Spring Fashion parade, in the new Anne Adams Pattern Book—JUST OUT! Each style is new, smart and easy to make. The latest silhouettes are shown in day and evening modes. O. T. Beans Have 55th Anniversary At Home in Tiona

Mr. and Mrs. O. T. Bean held open house at their home in Tiona on Wednesday in celebration of their 55th wedding anniversary. Neighbors, friends and relatives gathered to extend best wishes.

Margaret Anderson became the bride of Orville Taylor Bean at Falconer, N. Y., 35 years ago yesterday and their entire married life has been spent in Tiona. They are well known throughout the county and many will join in congratulations for their anniversary and continued good health. Mr. Bean was 83 years old last May 7 and his wife was 74 on Memorial Day.

The many remembrances showered upon them included a lovely basket of flowers which was the gift of neighbors and friends who called in the afternoon.

Their three daughters, with their families, gathered at the Bean home in the evening to assist in observing the milestone. Guests were Mr. and Mrs. L. B. Wilson and family; Gerry M. Y. Mr. and Mrs. William Erickson and son, Billy; Warren; Mr. and Mrs. Herman Hannold and daughter, Juliana, Tiona.

Greetings arrived from their two sons, Orville, in New Mexico, and Earl, in Texas; also a warm greeting from a granddaughter, Miss Joyce Erickson, who is a member of the junior class at Clarion State Teachers' College.

Every Patriotic American

Salutes His Nation's Flag

During the ceremony of hoisting or lowering the flag, or when the flag is passing in a parade or in a review, all persons present should face the flag, stand at attention and salute.

Those present in uniform should render the right hand salute.

Those men not in uniform should remove their headgear with the right hand and hold it at the left shoulder, the hand being over the heart.

Women should salute by placing the right hand over the heart.

The salute to the flag in a moving column is rendered as the flag approaches the spectator and is held until it has passed.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—I wouldn't think of missing the obituary columns of the daily metropolitan newspapers. In them is much of the best reading to be found in current journalism. Thousands of words daily are devoted to the careers of those who have passed on, and the span of a day's notices reaches all the way from ex-Indian fighters and poets to statesmen, police

recorders and X-ray technicians. In the page spread out before me I see where an actor, an opera star, an ex-cavalryman, a sister of mercy, a doctor, a Bolivian cabinet minister, a newspaperman, a college president, a photographer, and a Canadian senator have died.

THE Indian fighter had reached 83 years before he passed on. He was Byron D. Ferguson, one of the last survivors of the old United States Cavalry troop that battled the Sioux for so many years west of Laramie. He fought at Rosebud Creek, Slim Butte, and skirmished all over the west. Once he ran into part of the same band of Sioux under Sitting Bull that ten days later annihilated Major General George Custer and his troops. Paper was scarce on the plains in those days, and when Ferguson's enlistment with the cavalry was up his discharge was written out on a mule hide, one of the few documents of its kind now in existence.

Dead also is Emma Calve, famed operatic singer, who won great acclaim but not before she was hissed and all but stoned off the stage in Milan. She came out of a convent and endured great poverty, singing in firetrap halls and inns throughout the continent until she won recognition.

So it goes, column after column, name after name, day after day. It's mass biography in panorama. As I say, I wouldn't miss it for anything.

Our nomination for the strangest novel of the year is "After the Afternoon"—by Arthur MacArthur. It's about a faun named Lykos who is privileged by the gods to assume mortal shape and whose spirit can enter into any body he chooses. The lone restriction is that, once having entered a body, he isn't permitted to leave it until that body dies. You never read such a strange tale in all your born days.

Returning to Milan, scene of

her earlier grief, she says in her memoirs, "The audience received me coldly during the first act. I was in despair. I went on the stage in a desperate mood, too frantic to care how I looked, pale with grief and rage. I had no make-up, my dress was in disorder. I must have seemed half mad. The audience thought it was a studied effect and I felt a current of interest and sympathy sweep through the theater. I began singing with a complete abandon, a tragic fervor. . . . The audience burst into a thunder of applause. Seldom have I had such an ovation. I can truly say it was the greatest moment in my operatic career."

DEAD too is Dr. George A. Smith, more than 50 years in the service of the state, a man who devoted his early years to the study and care of the insane. As consulting alienist on the staff of the governor he conducted final examinations of many condemned prisoners, including Ruth Snyder, Judd Gray, and Francis (Mad Dog) Crowley.

So it goes, column after column, name after name, day after day. It's mass biography in panorama. As I say, I wouldn't miss it for anything.

WOULD BOOST PAYMENTS

Pennsylvania's reserve fund for unemployment compensation has hit a record high of \$209,000,000. Lewis G. Hines, secretary of labor and industry, disclosed today. Hines has suggested benefit payments be increased from \$15 to \$18 maximum weekly with the number of weeks to be boosted from a maximum of 13 to 16. The change would be a task for the legislature.

CHURCH DINNER

At 6:15 o'clock this evening in the Presbyterian church a congregational dinner will be served. A guest will be Dr. Albert F. McGarrah, who served last fall as director of the church appreciation program inaugurated by the local congregation. He will be here for an evening of counsel and suggestion regarding the course of the church now and for the future. All interested in long-range planning as well as in the immediate program, are invited to attend.

Farm Show Sidelights

Harrisburg, Jan. 22.—(P)—The farm show swine display was hard on the face of one youthful exhibitor. After laboring through a shave with a dull razor, he learned his sister had been using the blade to groom the legs of their pig entry.

Lauremont Farms of Wrightsville, York county, swept the Duroc Jersey swine division, claiming the first four places in junior yearlings sow class, first six places in the senior sow pigs and top five in the junior sow pigs along with the grand champion and reserve grand champion for the class.

After forming a victory "V" in a farm show arena pagant last night, Future Farmers of America boys presented a check for \$1,500 to be held by the organization's custodian for purchase of defense bonds.

An FFA band of 150 pieces, representing 75 high schools in 31 counties, gave a concert under direction of Henry Brunner of Pennsylvania State College. The new Oxford Vocation High School chorus of 62 girls also participated.

The Pennsylvania Horticultural Association, considering ways of boosting popularity of the apple, heard E. R. Gardner, director of the Michigan experiment station, urge the raising of more high quality fruit and manufacture of apple juice out of products not finding a market. Growers also were urged to supply retail stores with a fresh supply of apples twice a week to insure quality of the product sold.

A movement for production of war gardens received approval of the Pennsylvania Vegetable Growers Association on condition that proper supervision be available to prevent waste of seed, fertilizer and insect spraying materials of which shortages already are reported evident.

The association opposed a suggestion of continuing high school terms throughout the summer months, insisting that the boys and girls provide a source of labor during harvesting seasons which will be of greater need during the defense period than ever before.

COCHRANTON RITES OF INTEREST HERE

Many friends here will be interested in announcement that a beautiful home wedding in Cochran last Saturday united in marriage Margaret Fern Chitester, daughter of Rev. and Mrs. E. W. Chitester, and Donald Walker, son of Mr. and Mrs. Theodore Power, both of Cochran.

The ceremony was performed by the bride's father, assisted by Rev. Allan Shannon, with wedding music by Mr. Albert Galmish and Mary Chitester. The bride was attended by her sister, Roseell Chitester, and Robert Power was his brother's best man.

Following the ceremony, 45 guests attended a reception for the couple. Mr. and Mrs. Power left for a short wedding trip through Maryland and Virginia and upon their return will reside in Cochran.

MRS. PASQUINO IS GUEST AT FAREWELL

Mrs. Joseph Pasquino, who left Tuesday to spend the winter months at Lake Worth, Fla., was honored with a farewell party given by Miss Rose Correll at her home, 502 Beech street. Games and dancing were enjoyed, with prizes going to Frances Grillo and Geraldine Ennis.

At a late hour, a delicious luncheon was served and the guest of honor, the former Minnie Siliato, was showered with lovely gifts from the following: Rosalie Bonbene, Geraldine Ennis, Frances Grillo, Jane Muscare, Jennie Muscare, Mary Muscare, Minnie Muscare, Ellen Scivano, Ruth Seymour, Catherine Sullivan, Ann Vizza, Frances Wozneak, Mrs. Ralph Pasquino, Mrs. Jack Rigley, Mrs. Anthony Siliato and Mrs. Rose Zaffino.

MAKE SPREAD SPARKLE

Members of the Warren Grange held a very enjoyable meeting on Monday evening. At the business session three new applications were presented. Members also voted to give \$10 to the Red Cross and to buy a \$500 defense bond.

Leon I. Jones, of the Warren Public Library, appealed to the members to give books for the men in the U. S. armed forces. Homer Fitch, representing the county defense council, spoke of the need of volunteers for various phases of home defense. He also explained what is meant by home defense in the local community.

NOVEL IDEA FOR SHOWER PARTIES

From the Treasury Department at Washington comes the following dispatch that will be timely for those planning shower parties for the year's crop of new brides:

Springtime is showertime. All the old shower-stories go by the board. Aluminum is on priorities—so along goes kitchen shower. Rubber is on priorities—so along goes the bathroom shower. Wool joins the priorities—and there goes the blanket shower. What is left? A savings stamp shower—money for the bride to put into a defense bond—to cash, with interest, on their tenth wedding anniversary! It's the tin anniversary and purchase of these stamps and bonds will assure them that tin is off all priority lists by then.

FORMER TEACHER MARRIES CORPORAL

Marie Chatham Phillips, of Mott, Pa., has announced the marriage of her daughter, Rae Eleanor Hall Chatham Phillips, to Corporal Charles Albert Frost, U. S. M. C., of Ellchart, Ind. The ceremony took place at Camp Elliott, San Diego, California, December 20, with Lt. John A. Magy, navy chaplain officiating.

Mrs. Frost, graduate of Pennsylvania State College, was formerly an art supervisor in Warren schools. Corporal Frost attended Indiana University. Their friends will be glad to learn they are residing at Adella Court, 2011, Front street, San Diego, Calif.

OF HOSPITAL AUXILIARY

Members of the Warren General Hospital Auxiliary are reminded that tomorrow's work meeting will be held at 9:30 o'clock in the morning at the institution instead of at the customary afternoon hour. The change was made necessary because of many conflicting activities in the community this week.

How to make Pillsbury's Prune-Filled Coffee Cake

In good taste morning, noon, or night!

Complete recipe: 1. Sift and measure 2 c. Pillsbury's Best Flour. (Two B-vitamins and iron are added to this fine flour, with no change in flavor, color, or baking quality.) Add 5 tps. baking powder (or 2 tps. double-acting), 1/2 tsp. salt, and 1/4 c. sugar. Sift twice. (The rich creamy-white color you see in Pillsbury's Best is insured by hourly testing during milling.) 2. Cut in 1/4 c. shortening until quite fine. 3. Add enough milk to 2 egg yolks, slightly beaten, to measure about 1/4 c. Add to dry ingredients; mix until uniformity is dampened. 4. Knead lightly on a floured board a few seconds. (And be ready for a perfect Coffee Cake!) For you're using the BAKED-VOLENTINE flour, the flour that's tested by actual baking 4 to 6 times a day during milling. 5. Roll out into 12 x 10-in. rectangle. Brush with melted butter; spread with this filling: 6. Combine 1/4 c. chopped cooked prunes, 1/2 c. raisins, 1/2 c. chopped dried apricots, 1/2 c. oil, 1/2 c. water, 1/2 c. sugar and 1/2 tsp. cinnamon in saucepan. Cook until thick. Chill thoroughly. 7. Spread 1/2 of filling on center 1/2 of dough. Overlap 1/2 of dough on filling; spread with rest of filling. Overlap remaining 1/2 of dough. Moisten edges and seal. 8. Place on greased baking sheet. Make 1-in. diagonal gashes on both sides of loaf 1 1/2 in. apart. 9. Gently lift each section at a slight angle. 10. Brush with 1 egg white, unbeaten, combined with 2 tps. water. Sprinkle with 1 Tbsp. sugar combined with 1/4 tsp. cinnamon. 11. Bake in hot oven (400° F) 15 to 20 min. This delicious Pillsbury's coffee cake can be baked quickly—there's no waiting for dough to rise. Why not get a bag of Pillsbury's Best from your grocer and bake a delicious Prune-Filled Coffee Cake this very day!

MALTA---Do 1300 Raids Presage Invasion?

Most raided spot of World War II is Malta, Britain's rocky island fortress in the Mediterranean that has undergone some 1300 axis bombing attacks in the past two years. Current series of raids on this British naval base may presage a Cretic-type invasion by Nazis. Map shows closeup of Malta and its strategic position commanding mid-Mediterranean sea lanes.

TIRE RATIONING
PLAN OUTLINED
AT SHEFFIELD

Sheffield, Jan. 21—The program feature at the Rotary Club's regular luncheon meeting yesterday noon in American Legion Home was a talk on "Rubber and Tires" given by L. B. Jones, local garage man and secretary of the Rotary Club. Mr. Jones explained the recently decreed tire rationing setup, prefacing the explanation with a review of the history of rubber. Interesting facts concerning rubber which the speaker told were that it became known to the white race about 400 years ago, through a Spanish explorer of the new world; an Englishman named Priestly gave it its name when he discovered it would "rub out"; vulcanizing was discovered in 1839 and patented in 1844 by the American, Goodyear, and the first pneumatic tire was the brainchild of John Boyd Dunlop, veterinarian surgeon of Belfast, Ireland.

There were 19 present at the luncheon meeting, including two guests: Miss Ruth Shepard, local high school student; Gurney Ball. There were 19 present at the luncheon meeting, including two guests: Miss Ruth Shepard, local high school student; Gurney Ball.

FACTORY STARTS
The Pennsylvania Bottle Company factory, shutdown since January 5, resumed manufacturing operations Tuesday morning.

PERSONALS

Pvt. John Rambish, of Camp Stewart, Ga., is spending a 13-day furlough visiting his folks here.

Local friends of Sergeant Ronald Felton, who has been stationed at the Aberdeen Proving Grounds, Aberdeen, Md., received word from him yesterday that he was "leaving the country Tuesday." When home at Christmas time he said he might be sent to England, and it is presumed that that is where he is now headed for.

YOUR FEDERAL
INCOME TAX

No. 15
NORMAL TAX AND SURTAX RATES

In Income taxes for 1941 are paid on normal tax net incomes and on surtax net incomes. A study of the instructions that accompany the income tax forms will show how to compute the tax on such incomes. This brief statement should serve to help to that end.

The Internal Revenue Code, as amended, provides for only one normal tax rate, and that is 1 percent. It is upon the normal tax net income—that is the net income less the sum of (1) allowable personal exemption and credits for dependents, (2) the interest on obligations of the United States and its instrumentalities, and (3) an earned income credit of 10 percent of the amount of the earned net income but not in excess of 10 percent of the amount of the net income. If the net income is \$3,000, no more than \$300 earned net income credit would be deductible from the net income. The entire amount of the taxpayer's net income up to and including \$3,000, regardless of the source, is considered earned net income.

The surtax is imposed upon the entire amount of surtax net income. In the computation of the surtax net income the only credits allowable against net income are the personal exemption and the credit for dependents.

The rates of surtax increase as

the amount of the surtax net income increases. For instance, if the surtax net income is not over \$2,000, the surtax is 6 percent of the surtax net income. The surtax upon a surtax net income of \$2,000 is \$120; upon a surtax net income in excess of \$2,000 and not in excess of \$4,000, \$120 plus 9 percent of the excess over \$2,000; upon a surtax net income of \$4,000, \$300; upon a surtax net income in excess of \$4,000 and not in excess of \$6,000, \$300 plus 13 percent of the excess over \$4,000; upon a surtax net income of \$6,000, \$560; and upon a surtax net income in excess of \$6,000 and not in excess of \$8,000, \$560 plus 17 percent of the excess over \$6,000. Thus the rates are increased from 6 percent on the first \$2,000 to 77 percent on the excess of surtax net income over \$5,000,000.

The maximum surtax rate is 77 percent. On a surtax net income of \$5,000,000, the surtax is \$3,723,760. When the surtax net income exceeds \$5,000,000, the 77 percent rate is applicable to such excess in addition to the surtax of \$3,723,760.

Double the Flattery of Your New
Hair-do by Scientific Shampooing

HAVE you been wearing your hair in the same way for ever so long? Then this is a good reason to step up your morale—and your good looks. Take your cue from beauty-wise belles and do a bit of experimenting. You can wear your curls long or short with the stylists' blessing and you can be "top" fashion with such varied arrangements as a chignon, a feather cut or a pompadour.

But, no matter how flattering your new hair-do may be, don't forget that the first essential of beautiful hair is cleanliness and health. For years many doctors have recommended olive oil castile soap as the best choice for shampoos and skin care.

Fortunately for beauty budgets, the soaring prices of imported castile needn't affect the glossy beauty of any lady's hair. A new mild floating soap called Swan is just as pure and mild as the finest imported 100 per cent olive oil castile and meets all the most stringent specifications for a soap that will be perfect for every beauty purpose including shampoos.

Another advantage of this sensational new floating soap is the fact that it makes suds at twice the speed of the old-style floating soaps. See how you get mountains of richer, creamier suds, even in the hardest water.

Although Swan gives you all the beauty advantages of expensive castile, this sensational new soap is so inexpensive any woman can afford to use it for washing nice things and for kitchen routines, as well as the family beauty treatments.

Billy Mitchell
The senate has enrolled posthumously Brig. Gen. William Mitchell to the rank of major general. Mitchell resigned from the army during his court-martial for criticism of the high command's failure to push development of the Air Corps. Acceptance by the house and President Roosevelt's signature will complete the honor.

MRS. SOBEL WINS BEST PLAYER TITLE IN 1941 RATINGS

BY WILLIAM E. MCKENNEY America's Card Authority

In winning the national open team-offshoot title at Richmond Mrs. A. M. Sobel of New York won under all ratings the title of the outstanding bridge player of 1941.

Here is an example of Mrs. Sobel's ability to defend a hand well.

ed West, North letting go a heart. Then South led a club. Again Mrs. Sobel made a fine play by ducking, and the king won. Dummy led another diamond for South to ruff. This play made clear to Mrs. Sobel that South did not hold the jack of clubs, else he would not need to lead the suit from the South hand. She saw that if she ducked the second club lead, a third round would force her in, and then she would have to lead hearts up to South's king. What was to be done? Mrs. Sobel found the brilliant solution by discarding the ace of clubs on the third diamond lead. Now if declarer set up the clubs, East would get in, and his heart lead through South would save the day. Declarer was bound to be set.

Dragons Set for Invasion of Ridgway Tomorrow Evening

Locals Not Expected to be Pressed for Win; Sheffield Meets Jays at Johnsonburg

The Elks of Ridgway High will invade Beatty court, stronghold of the Dragons, tomorrow night with the idea in mind of making up their second league victory of the new Northern League campaign, but the odds have placed them sharp underdogs to accomplish the feat.

The betting market has the Warren High passers 4-1 to win the contest, 2-1 to cop the tilt by more than five points, and even money to win by at least ten points.

These figures are mainly based on the fact that Ridgway is using its offense as its best defense and its offense to date has been very good. Last Tuesday night they were able to sink the Emporium Tubers to give away half interest in the loop cellar, but outside of that the Elks have accomplished very little.

They aren't blessed with height, speed, nor experience, the only possession which can be referred to as an asset being their fighting spirit. Their game plan, which has stayed with them through four losses and that lone triumph, though badly battered and disappointed in monotonous regularity.

However, Ridgway may find a way to the basket through overconfidence on the part of the Dragons, should the locals take to the court with the intentions of laying down on the job on the expectations of having an easy night. True, they should have little trouble, and it isn't probable that

U. S. G. A. PLANS 'HALE AMERICA' OPEN TOURNEY

New York, Jan. 22.—(AP)—Its major championships shelved by the war, the United States Golf Association went to work today on a tournament designed to furnish competition for many golfers, entertainment for many fans, and relief for many of the conflict's innocent victims.

The tournament will be named the "Hale America" Open. It will be 72 holes of medal play, staged on a Chicago course June 18-21—the dates originally set for the National Open at Minneapolis.

Earlier this month, the U. S. G. A. called off the Open, as well as the National Amateur, the Women's Amateur and the National Public Links tourney in order to focus its attention on the nation's war effort.

Preliminary plans for the "Hale America" event call for a series of district and sectional qualifying tests, dividing the nationwide program into three stages, which may touch 70 or more cities.

Secretary Joe Dey of the U. S. G. A. said the setup would be the broadest ever undertaken by his organization and was expected to attract the largest entry list ever compiled for a nationwide competition.

SPORTS ROUNDUP

NORTHERN LEAGUE IN RAGTIME

Around and Around the Northern Wheel Goes, and where it will stop no one knows (but most fans agree the tilt is again headed for the city limits of Bradford). . . . The Wolverines from the field were sunk, though they managed to make their souls . . . But Barry and Fling did most everything as the Brademen road to glory, and the one-sided score was a bit of a bore, which just about tells the story . . . Warren still holds second and a chance to advance, but the driver's seat beckoned, while they stood in a trance . . . The chances of best seat beckoned, while they stood in a trance . . . In fact, the rum . . . And lessened more when you can't get a shot . . . In fact, your chances, have then gone to pot . . . But seven outfits will keep on trying, while Owl fans pray to keep 'em flying! . . . (Enough of that, since we aren't Shakespeare) . . .

More About the Northern League

The Warren-Bradford game at Bradford a week ago (Monday night) drew a gate of \$180 which isn't hay for area basketball . . . This figure does not include money received for special season tickets for Bradford students . . . Once again a perfect slate was enjoyed by the forecaster on Tuesday night's ball games . . . Hoping for more of the local scoreboards go to 99, from there on you count on your fingers . . . The local scoreboards go to 99, from there on you count on your fingers . . . This shouldn't be necessary tomorrow night but the Dragons ought to whip Ridgway by at least 15 points . . . Somewhere around 45 to 30 . . . We predict that score because the locals have just completed meeting two toughies on foreign courts and probably will still be going fast when the Elks come to town . . . Sheffield should return to its winning ways though trouble is in store for the Massmen at Johnsonburg . . . Lots of room for an upset . . . Kane goes to Emporium with little to gain except to beautify its none too colorful record, so far, and this they probably will do . . . St. Mary's is in for a night at Emporium . . . About 60 to 20 we'd say . . .

They get the Breaks

Warren Switzer of Jeff Davis High, Houston, and Jack Wilson of Baylor U. are rivals for the all-Texas hard luck championship . . . Switzer broke his collar bone twice during the football season, got himself all fixed up for a fast start in basketball and then went back to the bench with a busted hand . . . Wilson, who was cracked after about half the time during his three years of football, also was going for a gun on the hardwood . . . This winter both appendicitis got him down last week.

Today's Guest Star

Bob Gebbie, Watertown (S.D.). Public Opinion: "If your congressmen do nothing else, by passing the daylight saving bill they have earned the votes of sleeping ninnyards . . . Because duck shooting starts at sunrise, hunters will get an extra hour's sleep next fall."

Service Dept.

One of Bob Feller's first acts after reporting at the Norfolk naval training station was to join Chief Gary Boddy's basketball squad for a workout. He's not a candidate for the team . . . Best wishes go with Jay Simon, sports editor of the Coffeyville (Kans.) Journal, who gets his uniform at Fort Leavenworth next week; Jim Decker, the Syracuse U. tub thumper, who has joined the navy; fight managers Joe Vella (Gus Lesnevich) and Jimmy White (Aaron Selzer), who are moving the army after having been discharged under the 25-year age limit . . . Private Pete Sessa of Fort Knox, Ky., former assistant golf pro at West Orange, N. J., says his great ambition is to caddy for Sam Snead. Pete says he would cure snead of blowing up and would "sweat him in" . . . Johnny Roukens, the Paterson, N. J., speed skater, isn't finding arm life a handicap to keeping in condition. Johnny is stationed at Plattsburg, N. Y., where there is plenty of ice.

Red-faces Roundup

Big-town fight experts aren't saying much about the results of Frank Menke's predicting contest on the Louis-Bar fight . . . Out of 750 contestants, the only guys who picked Louis in the first round were John Rhodes, Winchester, Va., Evening Star; Bud Cornish, Portland, Me., Press Herald; and Francis Hile, Parkersburg, W. Va., Sentinel.

Cleaning the Cuff

West Point has entered four athletes in Saturday's Metropolitan A. A. U. indoor track meet—first time in 30 years cadets have noticed such an event . . . With subs off the coast and priorities on the airlines, sports writers are wondering how they'll cover the Dodgers' training camp at Havana. They might just go to Key West and listen . . . Wrestlers are being used in England to train par-

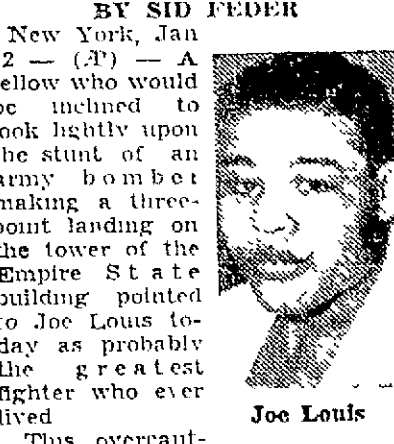

Boxing Writers Association Of New York Honors Louis With Edward J. Neil Trophy

New York, Jan. 22.—(AP)—A fellow who would be inclined to look lightly upon the stunt of an army bomber making a three-point landing on the tower of the Empire State building pointed to Joe Louis today as probably the greatest fighter who ever lived.

This overcautious individual is none other than your old pal Gene Joseph Tunney, weight champion, who took a long count in Chicago one night that they said gave him all the best of it, and who looked on the dynamite of Dempsey without blinking an eye.

The occasion for his sudden discovery of Louis as a pretty fair country break-buster, after seven years of varying degrees of pooh-poohing the Brown Bomber, came last night at the annual dinner of the Boxing Writers Association of New York.

At this clamor-bake Louis, decorated in the appropriate costume for peeling potatoes or standing guard or whatever they hand out to buck privates, received not only the Edward J. Neil Memorial

Joe Louis

Plaque as the man who did the most for boxing in 1941, but also the Ring Magazine merit award as the fighter of the year.

What is more remarkable about Gene Tunney's song of praise was that Gene Joseph himself was among the award receivers. He got a special trophy from the boxing writers for his services as head man of the navy's fist collection.

"Joe is probably the greatest and most complete workman the ring has ever seen," said Tunney. "The only other fighter in all fight history who might have done his job as well as Bob Fitzsimmons and I never saw him."

Lieut. Col. Howard Brenizer of Camp Upton, where Louis is stationed, pointed out by telegraph that Joe is "developing into as fine a soldier as he was a boxer and a gentleman."

Former Mayor James J. Walker tabbed Joe with "the highest title known among our people, you are an American gentleman."

Walker hailed Joe for his night with Buddy Baer for the Navy Relief as "a great American, a great negro and something more, you put a red rose on Lincoln's grave."

"Well," Joe said after that one "I always thought I'd never feel as good again as the night I won the heavyweight championship. But tonight I'm on all. I've never felt this good."

EAGLES INVADE CRANBERRY FOR 2ND LOOP GAME

Youngsville High school invades Cranberry township tomorrow night for an important and expectedly hard game with the unbeaten Berries, their second start in the Tri-County League.

Already beaten once, the Eagles need a triumph to get back in the running for first half honors in the circuit, but without the services for the remainder of the season of Captain Dave Clark, their chances have been dealt a terrific blow and are not as bright as they were a week ago.

Cranberry is rated as the team to beat in the new league which is operating for its second season, though Rocky Grove and Cochran stand good chances of surprising somewhere along the way with an upset.

Other action around the county, in the northern section of the Upper Allegheny League will find Kinzua High school's Warriors invading Sugar Grove while Russell and Lander will trade blows to complete the card.

Both of these last mentioned contests will be preceded by preliminaries between the rival schools' girls' teams.

EASTER'S DATES

The date of Easter is not determined by the real full moon, but by the paschal full moon, which comes on the 11th day of a lunar month. This is two or three days behind the true astronomical full moon.

The Struthers-Wells circuit rose into its own at the Arcade Alley last night as the Heaters smashed the team total mark with a new record of 2747 pins. Individual scores, for the most part, were above average, Steinkamp hitting 229 for the largest single game, and Chick Greenlund putting together scores of 208-208-188 for the highest individual total, 605.

Monty McClure's gang of point stealers at the Conewango Club (business hasn't been too good for them this year) lost three points again last night as the Ericksons suppressed the spirit of the losing team by winning the second game on one pin and going on to take the third, and total pins, McClure started alright, but then you can't win points when your

Seven Teams to Play In Interstate Loop

Allentown, Pa., Jan. 22.—(AP)—The Class B Interstate Baseball League today was assured of at least seven members for the 1942 season.

President Alvin Butz of the Allentown Fleetwings announced last night that he had sent his \$1,200 forfeit check to league officials after completing a working agreement for the season with the St. Louis Cardinals.

The Wings operated under the Phils in 1941, but the major leaguers shifted their attention to Trenton, N. J. for the coming season and Butz had said that unless an agreement could be reached with some other team, the club wouldn't participate this year.

Bridgeport, Conn., already has dropped out.

Nelson Man to Beat In 'Frisco Tourney

San Francisco, Jan. 22.—(AP)—The \$5,000 San Francisco 72-hole open golf tournament starts today with 150 of the nation's touring team on the opening line and Byron Nelson of Toledo, O., conceding the man to beat.

The large field will shoot 36 holes daily with the final round Sunday. Play is on the up and down hill course of the California Golf Club.

Nelson was rated a favorite because of his brilliant performance in winning the top money in the Oakland Open.

WAR BULLETINS

(From Page One) Berlin, Jan. 22.—(Official broadcast recorded by P.)—Propaganda Minister Paul Joseph Goebbels, writing in this week's Das Reich, said that in the present winter war "we are facing quite different aspects and also quite different military possibilities than in the winter of 1939-40."

Hershey, Pa., Jan. 22.—(P)—The annual convention of the Pennsylvania Chain Store Council was called here today with more than fifty representatives of chain companies expected for the one day session.

Guest speaker scheduled for the annual luncheon was Dr. Arnold C. Marks, executive director, Pennsylvania State Council of Defense.

The annual banquet speakers will be: Major Benjamin H. Hamm, national chairman of the retail advisory committee to the treasury; Joseph R. Sanson, assistant general manager of the Lebanon Daily News; George J. Chadwick, president of the Pennsylvania Commercial Secretaries Association; and Roland N. Benjamin, executive secretary of the Pennsylvania Farm Bureau Cooperative Association.

Nation Facing Limitation of Electric Power While it is hoped and planned, he added, that curtailment can be effected "without serious dislocation of the normal life of the people," it may mean "a great deal more than simply the elimination of neon signs, ornamental street lighting, the use of the radio in homes, or other essentially luxury uses."

The more serious shortages of power naturally will occur in the heaviest defense production areas. Olds explained, and the population of those areas may face a serious reduction of their normal activities requiring the use of electricity.

At present, Olds told the committee, there is not sufficient power available or projected to meet the demand load of 1942, 1943 or 1944 without either additional capacity or a "material curtailment."

JUDGES FINISH WORK AT STATE EXHIBIT TODAY

Harrisburg, Jan. 22.—(P)—Youth got its big fling at the Pennsylvania Farm Show today as scores of judges wound up a four-day task of picking the winners in 12,000 exhibits.

Lambs and cattle of the state's 4-H Clubbers paraded into the huge farm show arena in a free-for-all fight for the ribbons. Top honors at stake were grand championships in fat lambs and baby beefs.

State competition was assured with 56 pens of three lambs each and 99 baby beefs. Auction of these entries tomorrow features the closing program of the week-long show.

Officials anticipated the largest crowd of the exposition for win-up of judging activities but conceded there was little prospect of exceeding yesterday's 110,000 which was declared "just about the highest on record" in the 26-year history of the show.

Throngs jammed every aisle of the 14-acre plant, overflowing into the arenas where Holstein, Ayrshire dairy cattle vied for honors and purchased swine went under the auctioneer's hammer. Public interest in every activity was greater than ever.

War demands for increased farm production was credited with bringing prices substantially above last year for Pennsylvania's best breeding hogs—Berkshires, Duroc Jerseys, Poland Chinas and Spotted Jerseys. Average for Duroc Jerseys was \$89.50 compared with \$83 for all breeds last year.

Secretary John H. Light of the state agriculture department explained the farmer was using a lot of his cash to improve his products, seeking to develop his farm for greater and more economical production in line with defense needs. One hatchery booth reported taking orders for 40,000 baby chicks in two days.

Guest speaker scheduled for the annual luncheon was Dr. Arnold C. Marks, executive director, Pennsylvania State Council of Defense.

The annual banquet speakers will be: Major Benjamin H. Hamm, national chairman of the retail advisory committee to the treasury; Joseph R. Sanson, assistant general manager of the Lebanon Daily News; George J. Chadwick, president of the Pennsylvania Commercial Secretaries Association; and Roland N. Benjamin, executive secretary of the Pennsylvania Farm Bureau Cooperative Association.

Jap Attack on Pearl Harbor Was "Bad Job"

(From Page One) was damaged by a direct hit from a 1,000-pound bomb.

Renken, a veteran of 15 years service in the navy, discounted his own performance in an interview at the naval hospital here to tell of the "mere youngsters who proved in the attack that they were men."

"They leaned outside the gun casement, looked up at the Jap planes and shook their fists at them—during them to come in and fight," Renken recounted. "Then, actually laughing, the kids went on hanging away. We're proud of the youngsters in the fleet."

Renken and others who participated in the Dec. 7 attack didn't have much respect for Japanese marksmanship.

"Considering the great advantage they had through surprise and air power, they did a bad job of it," said Renken. "At the time a stream of bombs came over and seven high explosives were dropped in perfect alignment. The string hit about 40 feet away from the ship and raised huge geysers of water which sprayed the deck."

"You would have thought the boys were watching a good movie comedy, because they just looked at the disappearing Jap planes and laughed."

Renken said even before the general alarm sounded, one youth had manned a machine gun and two minutes later had knocked down an enemy plane.

The rangy gunner was getting dressed preparatory to going on duty when the first Japanese plane soared into view.

"While the alarm had not been sounded yet, every gun was manned immediately," he said. "We were short two men in our five-inch gun crew, but a negro and a Filipino—both of them mess attendants—stepped in without a word, took up positions and began firing."

"It was primarily a job for anti-aircraft and machine guns, because our gun is for use in combat with surface craft. At that, we managed to dust off two Japs ourselves, both of them torpedo planes. Altogether our ship was credited with nine Jap planes downed."

"In all my years in the navy, I've never seen guns fired so rapidly and efficiently as they were during that hour and 45 minutes of action."

Renken's crew had only slight warning before the 1,000-pounder shattered the casement. The gun captain, seeing a dive bomber heading for the ship, had just shouted "All hands to keep under cover when the blow struck."

"I was standing beside the foot of the mast when it happened. Another fellow was right beside me, laughing and joking through it all. That mast was what saved us, I guess, but even so we were hit by a lot of shrapnel."

TWENTY REPORT FOR 1ST DRILL OF LOCAL UNIT

Twenty men, including five new recruits, were on hand for the first drill of Warren's platoon of the Pennsylvania Reserve Defense Corps, held last night at the state armory, Hickory street, and Lt. Arthur P. Dickinson, who is in charge, was enthusiastic concerning the prospects of the local group.

The Warren platoon will be attached to Company A, Third Regiment, of Oil City, of which Capt.

Earle McCrea is commanding officer. Lt. Dickinson said today that he will be at the armory again on Friday night to accept enlistments. He also stated that he expects Capt. McCrea to come here at that time.

In the future, it was announced, drills will be held regularly on Monday nights at 7:30 o'clock. There is still an opportunity for qualified men to enlist in the local reserve defense unit, Lt. Dickinson said. He pointed out that the best available men are being accepted in the unit, which he said will be of high caliber.

Since orders for demobilization were received from Harrisburg recently, both Lt. Dickinson and the enlisted men in the unit are serving without compensation.

PROGRAM BEING HELD BY YOUNG PEOPLE'S GROUP

Members of the First Presbyterian church are looking forward to one week from tonight when the congregation will be entertained by members of the Young Married Couples group.

The high spot of the evening will be a minstrel show in which some fifteen male members of the congregation will take part. Successful rehearsals have been going on for some time and the cast is rapidly assuming both confidence and skill.

Brackett Ayers, assisted by Preston Hoskins and Harry Summers, is in charge of the production and all three principals feel well satisfied with progress shown to date. John H. Stewart will serve as interlocator and end men will be Robert W. Mackay, William Lutz, Chris Pepke and Everett H. Kddy.

The evening's entertainment will begin promptly at 8:15 and, as usual, those who come early will be assured the best seats. The ample seating accommodations have been provided in the Sunday school rooms for the 300 or more who are expected to attend.

Following the minstrel show a program in the church dining room has been arranged where further entertainment, of a nature not yet disclosed, will be held. Committees of the Young Married Couples group, headed by Mrs. Kay Davis and Mrs. Ralph Sires, are in charge of this part of the evening of fun. That the entertainment will be well worth while is attested by both the size and the activities of the various committees functioning.

All members of the congregation are asked to keep the date, January 29th, in mind. They are further reminded that the Young Married Couples group cordially invites them to bring their friends to share in the evening's entertainment.

The entire cost of the proceedings is being borne by the session of the church. No offering will be taken and no one will be asked to do anything but spend an enjoyable evening as guests of the session and Young Married Couples group.

Annual Meeting of R. E. A. Cooperative To Be Held Feb. 7

Members of the Warren Electric Cooperative, Inc., will hold their annual meeting in the Youngville High School auditorium Saturday, February 7 at which time officers reports will be presented and nine directors to act for the ensuing year will be elected.

A representative of the Rural Electrification Administration will be present and give a short talk on R. E. A. activities throughout the United States.

Several wiring and appliance dealers have donated electrical appliances which will be given away at this meeting. Everyone is cordially invited to attend.

and should dissuade all ambitious people from ever wanting to own a million dollars worth of real estate.

In the District of Columbia tax books, this property was appraised at \$1,321,736 for the land and \$53,800 for the house—a total of \$1,375,536. District of Columbia real estate taxes amounted to \$13,571.90 per year. Since the property now passes to federal ownership it is tax free and this sum is now lost to the District revenues.

In determining the price, real estate brokers ignored the value of the house and other improvements assessed at \$53,800. It was simply a great big white elephant of a place, no good to anybody except as an institution. The only value was in the land. Lots 50x175 feet in Washington sell for from \$2500 to \$3000. That's almost exactly a fifth of an acre, so the price of undeveloped real estate in the District is from \$12,500 to \$15,000 an acre. Divide the \$1 million sale price by 75, the number of acres in the McLean estate, and you get \$13,333 per acre.

As Iowa farm land, the estate wouldn't bring possibly \$130 an acre. But for the government, it was a good deal at a fair price.

Mayor La Guardia's proposal before the Tolan Committee that the government should see to it that all overtime wages and all profits on war orders be paid in defense savings stamps and bonds is an interesting idea, but Treasury experts fear it won't work with the present stamps, which can be cashed immediately, and bonds, which can be cashed in 60 days after issuance.

Too many people being paid in these stamps and bonds would be tempted to cash them in as soon as possible, and so defeat the purpose of delaying payment and enforcing savings. As a matter of fact, some corporations that gave Christmas bonuses in defense stamps and bonds have discovered that the recipients discounted their gifts and spent the cash.

The rule of the road has been changed from left to right in most Central European countries to conform to German practice, the Department of Commerce reports.

The Red Cross needs \$50,000,000 of righteous might!
